

Building Construction Technology FAQs

Does my student need any previous experience before taking this class?

Experience is preferred, but not necessary.

If my student attends this course, should they go to college or straight to the workforce?

Many opportunities to go straight into the workforce are available with a variety of options. Two and four-year programs also are an option for degrees such as Construction Management.

Are dual credits available when taking the Building Construction Technology course?

Yes, several are available and will be listed in the syllabus.

What expenses can I expect as a student?

Students will be required to rent a textbook and purchase a variety of hand tools and a tool belt consistent with the industry.

What kind of salary can a person make with the skills learned in this program?

Wages range from \$30-50.

What is the job outlook for a student completing this program?

Currently the job market is severely understaffed and ripe for new hires in all trades.
